

# 1st French Lymphatic Symposium

## Rouen Medical Faculty, Normandy University

### UNIRouen

### November 26<sup>th</sup> 2018

#### **9.00-10.00** **General introduction to lymphatics**

- E Brakenhielm (U1096, Rouen): **Role of lymphatics in health and disease**
- Barbara Garmy-Susini (UMR 1048-I2MC, Toulouse): **Regulation of lymphangiogenesis**

#### **10.00-11.00** **Lymphoedema: causes & cures**

- Barbara Garmy-Susini (UMR 1048-I2MC, Toulouse): 2<sup>ndary</sup> lymphoedema in breast cancer survivors vs. estrogen treatment
- Coralie Martin (Muséum National d'Histoire Naturelle) : Lymphatics in parasitic infection

#### **11.15-11.45** **Lymph node lymphatics vs. immunity**

- Marc Bajenoff (CIMBL, Marseille) : Lymph node population dynamics

#### **11.45-12.15** **Cell signaling pathways**

- Daniel Vittet (Inserm U1036, Grenoble): Role of BMP9 in lymphatic differentiation and lymphangiogenesis

#### **12.15-13.30** **Lunch break**

#### **13.30-14.30** **Brain lymphatics vs. glymphatics: stroke**

- Thomas Mathivet (PARCC, Paris): ANR project BrainWash
- Denis Vivien (Caen): ANR project MrGly

#### **14.30-15.00** **Pulmonary lymphatics**

- Jean-Francois Bernaudin (Pneumologie, Hôpital Avicenne, APHP)

#### **15.15-15.45** **Cardiac lymphatics**

- Helene Chiavelli (U1096, Rouen): ERA-CVD project LYMIT-DIS

#### **15.45-16.00** **Conclusions**
